## **General Information:**

Please feel comfortable to call our store at (734) 427-2451 with any questions that you may have. Our normal store hours are Monday through Friday from noon until midnight, Saturday from 10am until midnight, and Sunday from noon until 8pm. Our website address, which has mapping directions and a general calendar, can be found at [www.pandemonium-online.com](http://www.pandemonium-online.com).

While we encourage trading cards among the players, please understand that buying, selling or soliciting other players to do so with anyone except the store, or soliciting to do so elsewhere, is strictly forbidden at Pandemonium. Do note that offering items of value, such as iPods or PSPs, is considered the same as a cash transaction. Failure to obey this rule will result in both the buyer and seller being removed from their events without refund and both being banned from attending Pandemonium in the future.

Pandemonium also reserves the right to limit the amount of space being occupied by any one individual while trading, and does not allow the use of suitcases, handcarts, luggage carts, etc. to be used for the purpose of transporting excessive amounts of trade stock or performing commercial level trading on the store premises.

Pandemonium supports great sportsmanship. Poor sportsmanship can lead to warnings, game losses, match losses, and even disqualification from the event and ejection from the store. Poor sportsmanship includes, but is not limited to, discourteous behavior, threatening or yelling at another player, and arguing with a judge. Such conduct ruins the enjoyment of the event for all players and judges. At all times, please be courteous and respectful of others, their property, and the high caliber judging staff.

Random deck checks will occur during the swiss rounds as well as complete deck checks of all Top 8 players before the single elimination rounds begin. Details for the Modern Constructed format are available at the Wizards of the Coast website and it is the responsibility of each player to be familiar with all rules and policies. Deck lists are required and will be collected during opening announcements. Constructed decks must contain a minimum of sixty cards. There is no maximum deck size; however, you must be able to shuffle your deck with no assistance. If a player wishes to use a sideboard, it must contain exactly fifteen cards. With the exception of basic land cards, a player's combined deck and sideboard may not contain more than four of any individual card, counted by its English card title equivalent. All cards named Forest, Island, Mountain, Plain, and Swamp are basic land cards.

For clarification of any information about the event, we will defer to the official DCI rulings and regulations. On the day of the event, the head judge is the final authority on all tournament rulings. For any information on Wizards of the Coast, the DCI, Magic: The Gathering, the Floor Rules, or sanctioned tournaments - please visit their website at <http://www.magicthegathering.com>.
